

Terms and conditions of Resident Parking Scheme – Requirements and terms and conditions of use of parking permits

- 1) By having a digital permit for your vehicle or displaying a valid permit within a vehicle the driver/resident accepts the terms and conditions of application/issue and the terms and conditions of use of permits.
- 2) Permits are valid for use during the hours of operation of the associated parking zone (hours of operation may differ in different zones).
- 3) Paper permits must be clearly displayed in the vehicle and visible for inspection by the Civil Enforcement Officer.
- 4) Permits are valid only for use in the streets within the associated resident parking zone.
- 5) In the case of visitor and landlords permits, permits are only valid for the purposes of visiting the address for which the permit has been issued. The permit is only valid for the duration of the visit and a penalty charge notice may be issued if the driver/permit holder is not present at the property.
- 6) Reported cases of misuse of permits could result in cancellation/ non-renewal of a permit.
- 7) Permits are only valid in designated/signed areas and are not valid for parking on yellow line waiting restrictions or other parking restrictions that may be in place within resident parking zone.
- 8) Non-compliance of the Traffic Regulation Order will result in the issue of a Penalty Charge Notice by a Civil Enforcement Officer under the jurisdiction of the Traffic Management Act 2004. This legislation places the responsibility for compliance of any restrictions on the registered keeper of the vehicle. It is therefore the owner of the vehicle who would be responsible for any Penalty Charge Notice issued, irrespective of whether they were responsible for the parking contravention or not.
